NEW MANUFACTURER/NEW PRODUCTS!

TENRYU
Making Quality Saw Blades Since 1910

WE'VE ADDED TENRYU SAW BLADES TO THE EOASAW LINE OF QUALITY PRODUCTS!

Tenryu General Saw Blades - Tenryu Metalworking Saw Blades

- **Dependable, Precision Saw Blades**—Known around the globe as the premier manufacturer of quality saw blades.
- **Designed for Ultimate Performance**—Sound designs to produce blades that give the finest cuts.
- **Individual Attention Given to Every Blade**—At least 40 separate processes executed by knowledgeable & experienced saw blade makers.
- **Only the Finest Steel Will Do**—Tested for consistency, tensile strength, hardness to a specified tolerance and quality.
- **Precision Plate Cutting, Hardening, and Grinding Process**—All Tenryu plates are hardened at least to 40 HRC to withstand heavy loads.
- **Hand Craftsmanship Assures Proper Tensioning**—Like ancient swordsmen, the saw doctors at Tenryu's factory are artisans using special hammers to level & tension.
- **Each Tooth Honed to a Mirror Finish**—Proprietary cooling methods assist with creating mirror-like finishes on the carbide teeth.
- **All Blades Individually Inspected**—Inspected with high-powered magnifiers to examine each tooth for proper honing and consistent tip-to-body braze.
- **Satisfaction Guaranteed.**
