Hougen Accessories: Lubricant & Cutting Fluid

Thank you for shopping with us!

RotaFoam™ Cutting Fluid works on all types of metals to extend tool life and improve hole finish. Blue foamy lubricant visually assures thorough coverage.

RotaMagic™ Concentrated Cutting Fluid is for use with ferrous or non-ferrous materials. Water soluble and yields a 10:1 ratio when mixed with water. (Biodegradable & Non-Toxic)

Slick-Stik™ is softer than other stick lubricants for easy application, superior adhesion to the tool, and assures thorough coverage. Specially formulated for use with Rotabroach Cutters. (Non-Toxic)

Slick-Stik™ and RotaMagic™ are environmentally friendly and do not contain harmful ingredients as do many lubricants.

Item #	Part Descp.	Price
