Our ER collets are the best in the industry. They are made from high-carbon bearing steel that is heat-treated for improved flexibility and longer life. Each collet is precisely ground and honed using a swiss technique, then individually inspected and tested for quality. Compatible with DR, RD, ESX, AR, & BR series collets. For best rigidity and cutter life use [PowerCOAT nuts](#).

Use the table (below) for selecting your replacement collets.

ER collets all have unique length and diameter measurements.
