Century Drill & Tool Pro Grade Charger Drill Bits & Sets

Thank you for shopping with us! Charger's™ Advanced Helix Geometry starts at the 135° quick-cut point, modified to be self-feeding and require less force from the user. • The unique flute design allows for fast chip removal, ensuring the cutting point remains cool, reducing wear for a longer cutting life. • Black and gold finish. • Industrial heavy duty web provides added stability and strength for exact holes while drilling in the hardest materials. • Ideal for cutting wood, soft metal, mild steel, and plastic. • Charger™ drill bits use less power, drill more holes with cordless (per charge) or electric drills.
