Viking Drill & Tool Taper Length Heavy Duty Parabolic Flute Type 221-PT - Titanium Nitride: Fractional

Thank you for shopping with us!

Heavy-Duty - Parabolic Flute Taper Length 135°Split Point - Tang Drive - Titanium Nitride Parabolic flute drills are designed to eliminate the need for frequent drill retraction when deep hole drilling in low to medium tensile strength material. The split point and heavy-duty design provide superior performance by permitting higher feed rates and continuous drilling of deep holes. This high performance drill combines the superior wear resistance of Titanium Nitride coating, and the deep hole drilling advantages of parabolic flutes. The exceptional qualities of these drills can provide high productivity and extended tool life when compared to uncoated high-speed steel.
