Whiteside Machine Four Flute Adjustable Countersinks: Premium High Speed Steel

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping. Whiteside's 82° countersink heads are designed to slip over the drill bit and affix with dual set screws into the flutes. Adjust the drilling length by sliding the head up or down the bit. Use to countersink holes in wood, plastic, or aluminum for flat head screws. Longer life, especially in fiberglass or other abrasive materials. Matching drill bits Jobber & Taper Point are offered for your convenience. Also refer to adjustable countersinks Standard Carbon Steel.
