Amana Tool Flush Trim Template AMS Series Carbide-Tipped Router Bit Set

Thank you for shopping with us! A premier router bit set for flush trimming templates containing the exclusive miniature router bits with 3/16" and 1/4" diameter ball bearing guides that are much smaller than other ball bearing router bits on the market. Ideal for delicate projects such as signmaking, building musical instruments, routing letter edges, flush trimming, plunging tight corners and confined areas with high production. Each router bit is manufactured from Amana's exclusive grade carbide according to stringent quality standards. See below for set contents. Stored in a solid wood showcase storage box with a Plexiglas® clear lid. Includes full color booklet. Wood Storage Box Dimensions 12" L x 6" W x 3" H. Includes one router collet reducer #RB-102 (1/4 to 1/8) for 1/8 shank bit #47220.
