Amana Tool Corner Rounding 2-Flute with Ultra-Glide™ Ball Bearing Guide Assembly

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping.

Use this bit for rounding edges where there's access to a flat surface for the Ultra-Glide™ non-marring bearing to reference. Used in concert with either the Countertop ("No Drip") Design bit or the corner rounding bit with a radius bearing, this bit will produce a no-drip edge or a bullnose in two passes.
