### Amana Professional Quality Convex Edging Router Bit

Thank you for shopping with us!

Cuts a shallow arc—the fingernail shape—rather than a full 180-degree roundover. Like the bullnose radius bit, it has short flats above and below the cutter arc, which produces fillets on stock thicker than 7/8". Must be used with an edge guide on handheld routers or the fence on a router table. 1/2" Shank 2 Flute Professional Quality Carbide-Tipped

Item #	Manufacturer	Diameter	B1	Cut Height, Length, or Width	Flute	Overall Length	Radius	Shank	Price
