## Freud Lettering Bits

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping Application: 60-degree angle for relief lettering -Ideal for creating letters for signs, these bits produce a $60^{\circ}$ angle for highly readable relief lettering. The flattened end removes excess material between letters quickly. -Cuts all composition materials, plywoods, hardwoods, and softwoods. -Use on CNC and other automatic routers as well as hand-held and table-mounted portable routers.

20-574
