Freud Radius Laminate Trim Bit

Thank you for shopping with us! Application: Trimming plastic laminate edges that normally require hours of difficult hand filing to finish -This new bit from Freud routs the edge flush and rounded in a single pass, reducing time and aggravation. -The [41-502](#) unique cutting geometry produces an ultra-smooth finish on laminate edges. -Ideal for countertop-grade laminates including Formica®, Wilsonart®, and similar materials. -Use on hand-held routers, table-mounted routers, and laminate trimmers for trimming plastic laminate.

Item #	Manufacturer	Diameter	Cut Height, Length, or Width	Overall Length	Radius	Shank	Price
41-502	Freud Tools	1/2 in	1/16 in	2 in	3/8 in	1/4 in	\$28.98
