## Amana A.G.E. Series Thin Kerf Miter/Finishing Saw Blades: ATB Grind

Thank you for shopping with us!

**Thin Kerf Miter/Finishing Saw Blades**. Cut gap-free miters, every time. These blades are designed for smooth crosscuts in a variety of materials from hardwoods, softwoods, and sheet goods. Ideal for underpowered saws; thin kerf blades reduce waste in expensive materials and require less horsepower to operate. Warning: Not recommended for cutting non-ferrous alloys and

plastic.
