Everlast Astra Series Scoring Saws - Straight Top & Conical Sides

Thank you for shopping with us!

Used on both sliding carriage and beam type panel saws to score the bottom of panels, thus allowing a large saw to cut through without chipping material on bottom side. Straight Top Grind - STR - Each tooth will cut full kerf making this design very effective for removing material however high cutting pressures are present. Typically used for rip cutting hardwood and softwood.

Item #	Diameter	Bore	Grind	Kerf	Pinholes	Plate	Teeth	Manufacturer	Price
S420	4 in	5/8 in	STR (conic)	Kerf ground to match panel saw	As required	Plate thickness to match panel saw	20	Everlast	\$131.41
