### Diablo AMPED™ Demo Demon™ & Steel Demon™ Carbide Teeth Reciprocating Blade Sets

Thank you for shopping with us! Diablo's AMPED™ Demo Demon™ and Steel Demon™ carbide teeth reciprocating blades are "AMPING UP" wood and metal cutting with the introduction of the industry's first ever industrial grade coating, Black Industrial Cooling Element (I.C.E.). Black I.C.E. coating protects the cutting edge against wear to maintain tooth sharpness and durability. High performance carbide and an optimized tooth design delivers an unmatched up to 100 times longer cutting life than standard bi-metal blades. The combination of Black I.C.E. and Diablo's application-specific carbide blend delivers ultimate, unmatched cutting life and an impressive up to two-times increased performance over standard carbide reciprocating saw blades. An oversized one-inch body height ensures greater durability, straighter cuts and less vibration across all cutting applications.

Item #	Manufacturer	Application	Length	Material	Tooth Design	TPI	Pack Quantity	Price
DS006SCA	Diablo Tools	Nail-Embedded wood, metal, and metal demolition	6 in, 9 in	Multi-Material	Carbide Teeth	Variety	1 set of 6	<b>\$63.00</b>
