### Freud Blade Stabilizers & Stiffeners

Thank you for shopping with us!

**Application: For Maximum Saw Blade Performance on Stationary Saws** When making a high precision cut, any amount of rim vibration can mean the difference between a masterpiece and scrap. Saw blade stabilizers are precision-machined and balanced to give an added amount of stability. Freud Stabilizer sets not only improve the cut, but make the saw cut quieter and extend its cutting life between sharpenings. This set be used on blades 7" in diameter and larger. *Stabilizers should only be used on stationary saws and should never be used on handheld portable saws.*

Item #	Diameter	Arbor	Manufacturer	Part Descp.	Thickness	Price
SC-001	3 1/2 in	5/8 in	Freud Tools	SC Series Stabilizer Set (2 pcs)	9/32 in	<b>\$23.31</b>
