FS Tool Professional Line Chip-Free Melamine Trim Blades

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping

FS Tool's wide range of Pro-Line Saw Blades have been specifically designed for portable machines and stationary table saws. Our Pro-Line Saw Blades are manufactured using the same state of the art machinery used to manufacture our famous high quality industrial and XL4000 extended life saw blades.

Features:

- Hardened, surface-ground and roll-tensioned steel body
- Induction brazed tungsten carbide tips
- Precision Ground
- Laser cut expansion slots, self-plugged for noise reduction
- Skill knockout where indicated

Design:

- Tooth configuration: High ATB (30°)
- Cutting Material: TC
- Expansion slots: laser, self plug

Application:

- For chip-free sizing cuts (on both sides) in melamine and wood veneered panels, without the need for pre-scoring
- On table saws, sliding table saws, vertical panel sizing saws, and cut-off saws
