FS Tool Professional Line Saw Blades for Cordless Machines

Thank you for shopping with us!

FS Tool's wide range of Pro-Line Saw Blades have been specifically designed for portable machines and stationary table saws. Our Pro-Line Saw Blades are manufactured using the same state of the art machinery used to manufacture our famous high quality industrial and XL4000 extended life saw blades. Features:

- Hardened, surface-ground and roll-tensioned steel body
- Induction brazed tungsten carbide tips
- Precision Ground
- Laser cut expansion slots, self-plugged for noise reduction
- Skill knockout where indicated

Design:

- Tooth configuration: refer to items (grind)
- Cutting Material: TC
- Expansion Slots: laser, self plug

Application:

- For crosscutting solid wood, veneered and plastic laminated sheets
- On portable machines

Item #	Diameter	Bore	Grind	Kerf	Machine	Manufacturer	Note	Plate	Teeth	Price
