### Tenryu Steel-Pro® for Stainless Series Cord-free for Stainless Steel

Thank you for shopping with us! Now it is possible to cut stainless steel with greater efficiency on your low RPM metal-cutting saw. The Steel-Pro® for Stainless Series is the result of nearly two years of intensive product testing. Never before has cutting stainless steel been so easy and cost effective. The TENRYU Steel-Pro® for Stainless blades allow you to cut a wide variety of stainless steel materials with: • GREATLY IMPROVED CUTTING SPEED • LESS BURR ON EDGES (resulting in tremendous time savings) • NO SCORCHING OF THE STAINLESS • REDUCED SPARKING • FEWER BLADE CHANGES EACH BLADE FEATURES: • Unique tooth design and geometry for smoother and easier cuts • Resin bond-filled laser expansion slots for reduced vibration • Grade of carbide for longer cutting life in stainless steel These blades, when used for the proper application, will save time and money.
