Whiteside Plus Combination Blades

Thank you for shopping with us! The standard multi-purpose blade for a wide range of materials, including softwood, hardwood, plywood, and particle board. The large gullet at the raker tooth, along with the 15° hook angle, provides easy feeding for ripping style cuts, while the close grouping of the other four ATB teeth produces a lighter chip load for crosscutting and finish work. These blades offer a great combination of versatility and efficiency.

Item #	Manufacturer	Diameter	Bore	Grind	Hook Angle	Kerf	Teeth	Price
90800101	Whiteside Machine	8 in	5/8 in	COMB	15 Deg	0.126 in	40	**$84.57**
