### Amana Tool Wainscot with Bead Cutters

Thank you for shopping with us! Wainscot and paneling are great ways to add visual interest to walls. Paneling is used to cover an entire wall, while wainscot stops at the chair rail. Create a 5/16" diameter bead along the edges of the stock. Designed for 3/4" thick stock and creates an interlocking 1/4" tongue and groove joint for ease of assembly.
