Freud RP1000 & RP2000 Panel Raising Systems

Thank you for shopping with us! Freud now has a revolutionary system for making cabinet doors. This system combines the flexibility of standard insert tooling with the performance of resharpenable TiCO™ Hi-Density Carbide Knives. This gives cabinet manufacturers the ability to offer over 10 different styles of raised panels for cabinet doors at a fraction of the cost of fixed knife cutters. Additionally, these cutters have a specially designed raised panel knife that will leave cross grain cuts as smooth and splinter-free as cuts with the grain. The head is manufactured out of high grade aircraft aluminum, so weight is kept to a minimum while strength is maintained. The Anti-Kickback Design of the head reduces the likelihood of kickbacks. The basic system, RP1000, consists of the cutter head only. Profile knives can be purchased separately. The RP2000 contains the cutter head, straight profile back cutter RP-OPS, and five sets of profile knives for 5/8" stock and 3/4" stock when using the back cutter. Both sets are packaged in a sturdy case for convenient storage. This raised panel cutter system can be used either with the Performance

Splinter Free Cuts Typical raised panel cutters leave splinters when cutting across the end grain. Freud's new cutter pushes down and shears off the wood fibers leaving it splinter-free and reducing the amount of sanding required.

System® Rail and Stile cutter or with standard fixed wing rail and stile cutters.

Item #	Manufacturer	Bore	Application	Diameter	Features	Material	Part Descp.	Rub Collar	Price
RP1000	Freud Tools	1 1/4 in	Create 10 different styles of raised panel cabinet doors at a fraction of the cost of fixed knife cutters	5 1/2 in	Specially designed raised panel knife that leaves cross grain cuts as smooth & splinter-free as cuts with the grain	Hardwood, softwood, MDF, plywood	Insert Cutter Head	RC10# (# determines bore size)	\$223.07
RP2000	Freud Tools	1 1/4 in	Create 10 different styles of raised panel cabinet doors at a fraction of the cost of fixed knife cutters		Specially designed raised panel knife that leaves cross grain cuts as smooth & splinter-free as cuts with the grain	Hardwood, softwood, MDF, plywood	Includes: RP1000 Insert Cutter Head; RP-OPS Back Cutter; RP-A, RP-B, RP-C, RP- D, RP-E Profile Knives	RC10# (# determines bore size)	\$490.75
RP-OPS	Freud Tools	1 1/4 in					Back Cutter for RP1000 Head		\$30.02
RP-OPB	Freud Tools	1 1/4 in					Back Cutter for RP1000 Head		\$30.02
RP-A	Freud Tools						Replacement Knife Head RP1000 (included in RP2000)		\$51.01
RP-A34	Freud Tools						Replacement Knife Head RP1000 (included in RP2000)		\$91.86
RP-B	Freud Tools						Replacement Knife Head RP1000 (included in RP2000)		\$51.01
RP-B34	Freud Tools						Replacement Knife Head RP1000 (included in RP2000)		\$91.75
RP-C	Freud Tools						Replacement Knife Head RP1000 (included in RP2000)		\$51.01

RP-C34	Freud Tools	 	 	 Replacement Knife Head RP1000 (included in RP2000)	\$91.86
RP-D	Freud Tools	 	 	 Replacement Knife Head RP1000 (included in RP2000)	\$50.90
RP-D34	Freud Tools	 	 	 Replacement Knife Head RP1000 (included in RP2000)	\$91.86
RP-E	Freud Tools	 	 	 Replacement Knife Head RP1000 (included in RP2000)	\$51.01
RP-E34	Freud Tools	 	 	 Replacement Knife Head RP1000 (included in RP2000)	\$91.86
