Item #10210, Century 10 in x 80T x 5/8 in Arbor Carbide Tooth Metal Cutting Blade

\$122.99

Thank you for shopping with us!

- Nitro carbide teeth with a triple chip grind delivers superior, clean, no burr cuts.
- Fully hardened alloy steel body lengthens blade life in tough metal cutting applications.
- Thin kerf design cuts with less drag, giving the user more cuts per charge.
- Anti-kickback tooth design for added safety.
- This blade's nitro carbide teeth will last 60X longer than blades with standard carbide teeth.
- For dry cutting ferrous metals, including stainless steel studs, 1/8" angle iron, 1/8" flat bar, and channel stock.
