Item #125P1SS, Vega Phillips Insert Bits - Stainless Steel - 1/4" **\$16.60**

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping. Made from S2 modified shock resistant steel for professional performance and durability. Proprietary precision CNC machined tips for excellent fit in fastener recess. Stainless Steel: Ideal for environments where corrosion and rust is severe. The high performance stainless steel used by Vega provides a superior mix of strength and corrosion resistance. It is recommended to use stainless steel bits with stainless steel fasteners to prevent contamination of stainless screw heads. • Multiple driver tip configurations available • Helps control contamination and corrosion • Excellent for use with stainless steel fasteners
