Item #125PSD12, Vega Phillips Square-Driv ACR® Insert Bits - 1/4" \$92.00

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping. Made from S2 modified shock resistant steel for professional performance and durability. Proprietary precision CNC machined tips for excellent fit in fastener recess. ACR ribs reduce stripping, increase torque, and enhance off-angle drivability.

ACR® stands for Anti-Camout Recess. The ribs on the bit tip engage the fastener recess to reduce stripping, provide increased torque, enhance off-angle drivability, and offer a stick fit that makes screw driving easier.
