### Item #125T15DT, Vega Torx® Insert Bits - Diamond-Tipped - 1/4" \$19.80

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping.

Made from S2 modified shock resistant steel for professional performance and durability. Proprietary precision CNC machined tips for excellent fit in fastener recess.

Diamond-Tipped: Diamond grit is embedded in the steel substrate and improves screw engagement, reducing the risk of damage to the screw recess or camout. This extra hard diamond coating wears less and grips better than a Titanium coating.

Diamond grit is embedded in the steel substrate and improves screw engagement reducing the risk of damage to the screw recess or camout. This extra hard diamond coating wears less and grips better than a Titanium coating.
