Item #125T30SS, Vega Torx® Insert Bits - Stainless Steel - 1/4" - Pack of 5 \$17.50

Thank you for shopping with us!

Made from S2 modified shock resistant steel for professional performance and durability. Proprietary precision CNC machined tips for excellent fit in fastener recess. ACR ribs reduce stripping, increase torque, and enhance offangle drivability.

Stainless Steel: Ideal for environments where corrosion and rust is severe. The high performance stainless steel used by Vega provides a superior mix of strength and corrosion resistance.

It is recommended to use stainless steel bits with stainless steel fasteners to prevent contamination of stainless screw heads.

- Multiple driver tip configurations available
- Helps control contamination and corrosion
- Excellent for use with stainless steel fasteners
