**Item #125TS10-TI, Vega
Phillips Torq-Set® Insert
Bits - Titanium Nitride-
Tipped Bits - 1/4"**
\$14.50

Thank you for shopping with us!

Made from S2 modified shock resistant steel for professional performance and durability. Proprietary precision CNC machined tips for excellent fit in fastener recess. Titanium nitride bits have a rough surface creating millions of micro gripping points.

Titanium Nitride: A rough surface that creates millions of micro gripping points. Titanium coating provides an extra hard surface over the gripping points to protect them during use. The increase in roughness grips the entire recess of the screw and reduces camout.

SPECIFICATIONS	
Length	1 in
Manufacturer	Vega Industries
Tip/Point	10
Unit Price	\$2.90
Pack Quantity	Bulk Pack of 5
