Item #168ELSD, Vega Eye Lag Screw Driver - 1/4"
\$22.30

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping.

Made from S2 modified shock resistant steel for professional performance and durability. Precision controlled heat treatment for extreme durability and wear protection. Standard 1/4" shank fits most power tools and chuck adapters.

Installing eye lag screws with your hands is never easy, especially on overhead studs. A Vega Eye Lag Driver has a narrow groove designed to fit eye lag screws, making it the perfect solution for driving these screws into wood or metal joists.

- Use to install Acoustical Eye Lag Screws to hang drop ceiling panels in a suspended ceiling grid
- 1/4" shank with a power groove is designed to engage with quick-change chucks on impact drivers and reduces slipping in standard drill driver chucks
