Item #20-301, Freud Beadboard Bit System - Radius V Groove Bit - Solid Carbide

\$19.63

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping Application: Create beautiful wainscoting, paneling, back panels for bookcases, and much more Freud's new Beadboard Tongue and Groove System mills perfect beadboard in a variety of thicknesses from 3/8" to 3/4", and in almost any width. Mill beadboard from any hardwood or softwood, and use it to create a beautiful effect as wainscoting, wall or ceiling paneling, cabinet and bookcase backs, and more. The tongue and groove bits include two slot cutters: use the 1/4" cutter to mill a 1/4" thick tongue and groove for 1/2" to 3/4" stock, or switch to the 1/16" cutter for thinner material. Once the tongue and groove joints are complete, use the solid carbide Radius V-Groove Bit to complete the beadboard design. -Mills traditional beadboard in a variety of thicknesses and widths -Includes two slot cutters to rout either 1/4" or 1/16" tongue & groove joints -Use with any hardwood or softwood to match your décor -Use only with a table-mounted router and fence
