Thank you for shopping with us!

118° Point - High-Speed Steel - General Purpose, Bright-Flute thru 3/4" diameter.

Surface treated flutes over 3/4" diameter.

- Can be used for all screw machines qualified to run in all applications.
- This drill is designed for ease of penetration and to facilitate chip removal in tough, hard materials.
- May also be used in portable drilling equipment.

Drill sizes over 1-1/16" have a reduced shank.

The short length of drill and flute makes this an especially rigid drill for greater drilling accuracy.
