Item #26310, Century 10-Piece, 135 deg Professional Grade Cobalt Drill Set

$39.99

Thank you for shopping with us! Made from M35 steel with 5% cobalt, Century's Cobalt drill bits are designed to cut through extremely hard metals, including stainless steel. No center punch needed: Century 135-degree quick-cut points are self-centering and penetrate faster with less pressure...will not "walk" or "wander" at the starting surface. Extremely heat resistant, must be used and operated in power units that have a RPM speed of 1,500 or more for maximum efficiency.
• Set includes 1/16″ to 1/4″ by 64ths drill bits
Use with Cutting Oil when drilling metal.
