Item #26809, Century 9/64 in, 2 7/8 in OAL, 135 deg Cobalt Drill Bits - 6-Pack

$15.99

Thank you for shopping with us! Made from M35 steel with 5% cobalt, Century's Cobalt drill bits are designed to cut through extremely hard metals, including stainless steel. No center punch needed: Century 135-degree quick-cut points are self-centering and penetrate faster with less pressure...will not "walk" or "wander" at the starting surface. Extremely heat resistant, must be used and operated in power units that have a RPM speed of 1,500 or more for maximum efficiency.

• Designed for drilling in extremely hard materials including stainless steel
• Cobalt drill bits have a great resistance to heat and friction, providing a longer tool life
• Cobalt drill bits offer 12 times Life Rating when compared to standard 118-degree point drill bits

Use with Cutting Oil when drilling metal.

SPECIFICATIONS	
Manufacturer	Century Drill & Tool
Part Desc	Cobalt Drill Bits
Size	9/64 in
Overall Length	2 7/8 in
Point/Tip	135 deg quick-cut point
Material	M35 steel with 5% cobalt
