Item #3290, Whiteside Machine 1/4" Shank, 1 3/8" LD Door Edge Router Bit (Front Face Edge)

\$45.22

Thank you for shopping with us!.

Whiteside Machine 1/4" Shank, 1 3/8" LD Door Edge Router Bit (Front Face Edge) cuts a decorative profile along the front face of the door edge while leaving most of the edge straight. Their shallow design works well with concealed European style cup hinges. Many of our other [edge profile bits](#) also make great door edges. (Deeper profiles may not be compatible with European style cup hinges).
