### **Item #3725, Whiteside Machine 1 1/8" R, 3/4" Lg Dia, 1/4" Shank Classical Round Bottom Router Bit** **\$38.08**

Thank you for shopping with us!

Small Grooving Bits such as the Whiteside Machine 1 1/8" R, 3/4" Lg Dia, 1/4" Shank Classical Round Bottom Router Bit is commonly used for decorative designs in cabinet doors or for detail veining in furniture. Round Nose Bits and V-Groove Bits are often used in the same manner. The larger Grooving Bits are great for a raised panel effect in doors and for adding a bold accent to furniture or large work pieces. These bits also make nice edge profiles with the aid of a router table and fence

profile Sample
