### **Item #3735, Whiteside Machine 3/16" Rad, 1/2" Shank, 7/8" Lg Dia Classical Round Bottom Router Bit** **\$40.46**

Edge of Arlington offers free shipping in the United States when you choose flat rate shipping.

Small Grooving Bits such as the Whiteside Machine 3/16" Rad, 1/2" Shank, 7/8" Lg Dia Classical Round Bottom Router Bit is commonly used for decorative designs in cabinet doors or for detail veining in furniture. Round Nose Bits and V-Groove Bits are often used in the same manner. The larger Grooving Bits are great for a raised panel effect in doors and for adding a bold accent to furniture or large work pieces. These bits also make nice edge profiles with the aid of a router table and fence.
