Item #3750, Whiteside Machine 7/32" Rad, 1/2" Shank, 1-3/8" Lg Dia Classical Round Bottom Router Bit

\$59.50

Thank you for shopping with us!

Small Grooving Bits such as the Whiteside Machine 7/32" Rad, 1/2" Shank, 1-3/8" Lg Dia Classical Round Bottom Router Bit is commonly used for decorative designs in cabinet doors or for detail veining in furniture. Round Nose Bits and V-Groove Bits are often used in the same manner. The larger Grooving Bits are great for a raised panel effect in doors and for adding a bold accent to furniture or large work pieces. These bits also make nice edge profiles with the aid of a router table and fence.

Profile Sample
