Item #45580, Amana Tool Mortising Carbide-Tipped 1 1/4" Dia x 1/2" x 1/2" Shank 2-Flute Downshear Design \$34.94

Thank you for shopping with us!

Intended for hinge mortising, this Amana Tool Mortising Carbide-Tipped 1 1/4" Dia x 1/2" x 1/2" Shank 2-Flute Downshear Design is an excellent choice for cutting laps and tenons as well. The sides and bottom of the cut are exceptionally smooth. The down-shear design reduces chipping along the top edge of the cut, especially in laminates, veneered plywood, and MDF. The large gullet between the cutting edges provides excellent chip clearance.

Note: A proper mortising bit should have a large gullet between the two flutes. This allows greater chip clearance and removal.
