Thank you for shopping with us!

MAKE CLEAN & BEAUTIFUL DOVETAIL JOINTS!

The dovetail joint is the strongest construction method for drawers, boxes, chests, and fine casework. Amana Tool® designs the bits needed by many router dovetail jigs that require cutting half-blind and through dovetails. We carry the bits for name-brand dovetail jigs, including Leigh®, Keller $^{\mathsf{m}}$, Omnijig $^{\mathsf{m}}$, and Incra $^{\mathsf{m}}$.

The 14° dovetail bit is used with common half-blind dovetail jigs, as well as with Omnijig®, Incra®, and Leigh®
