Thank you for shopping with us!

MAKE CLEAN & BEAUTIFUL DOVETAIL JOINTS!

The dovetail joint is the strongest construction method for drawers, boxes, chests, and fine casework. Amana Tool designs the bits needed by many router dovetail jigs that require cutting half-blind and through dovetails. We carry the bits for namebrand dovetail jigs, including Leigh , Keller $^{\text{\tiny M}}$ , Omnijig , and Incra .

These 8° dovetail bits are designed especially for use with the Leigh Dovetail Jig.
