Item #45880, Amana Tool Keller™ Dovetail System 7° - Small Bit Set 11/32" Dia, 1/4" Shank Carbide-Tipped w/Upper Ball Bearing \$19.65

Thank you for shopping with us! Amana Tool Keller™ Dovetail System 7° - Small Bit Set 11/32" Dia, 1/4" Shank Carbide-Tipped w/Upper Ball Bearing MAKE CLEAN & BEAUTIFUL DOVETAIL JOINTS! The dovetail joint is the strongest construction method for drawers, boxes, chests, and fine casework. Amana Tool® designs the bits needed by many router dovetail jigs that require cutting half-blind and through dovetails. We carry the bits for name-brand dovetail jigs, including Leigh®, Keller™, Omnijig®, and Incra®. The popular Keller™ Templates require the use of straight and dovetail bits with shank-mounted pilot bearings. These bits are specifically designed for use in the Keller™ system.
