### Item #45968, Amana Tool Ball End Carbide-Tipped 1" Dia x 1/2" Radius x 1/2" Shank 2-Flute \$50.81

Thank you for shopping with us! Cut channels for pipes or cables using the ball end bit. The profile requires the cut to be made in a single pass. To reduce stress on the bit, cut an initial groove using a straight bit matching the D1 dimension of the ball end bit. Note: Profile is useful as a "conduit" for cables, pipes, etc.

## SPECIFICATIONS
