Thank you for shopping with us! Straight Flute Hand Taps Machine Screw / Fractional - Taper, Plug, Bottoming Ground Thread - High Speed Steel • The most common style of tap • Can be used by hand or for tapping under power • Versatile taps for use in general machine tapping or CNC tapping applications • Use for through hole or blind hole tapping Titanium Nitride increases wear resistance by producing a higher surface hardness and exceptional lubricity, resulting in longer tool life.

Includes one of each size

Taper Style: Starts the thread square with workpiece.
Plug Style: Generally used in thru holes or in blind holes with sufficient clearance.
Bottoming: Generates the thread to the bottom of blind holes.
