Ground Thread -
High Speed
Steel

- The most common style of tap
- Can be used by hand or for tapping under power
- Versatile taps for use in general machine tapping or CNC tapping applications
- Use for through hole or blind hole tapping

Titanium Nitride increases wear resistance by producing a higher surface hardness and exceptional lubricity, resulting in longer tool life.

Includes one of each size

Taper Style:
Starts the thread square with workpiece.
Plug Style:
Generally used in thru holes or in blind holes with sufficient clearance.
Bottoming:
Generates the thread to the bottom of blind holes.
