### Item #47095, Amana Tool Carbide-Tipped Downshear Multi Trimmer 1/2 Dia x 1 x 1/4 Inch Shank with Ball Bearings

**\$32.59**

Thank you for shopping with us! This adaptable double bearing guided cutter has down-shear design, which ensures a clean cut even in difficult materials. The two-bearing design allows the cutter to be used with the template mounted on either side of the work, and consequently, it is possible to cut from either direction using only one template without moving the template to the other side of the workpiece. This is especially useful when cutting curves that run both with and against the grain. **Bearings - Upper: 47701; Lower: 47706** AMAX Extended Life Features: 200% longer life-time even when working with abrasive materials Superior geometric design Advanced grinding technology that improves the carbide's resistance to wear Super clean cuts

SPECIFICATIONS	
<b>Manufacturer</b>	Amana Tool
