Item #47115, Amana Tool Dynabit™ Laminate Flush Trim Carbide-Tipped 3/8" Dia x 1/2 x 1/4" Shank 2-Flute w/Ball Bearing Guide \$24.23

Thank you for shopping with us!

The Dynabit™ Line features a modest down-shear for an excellent finish. The helix bits have a spiral-like twist to the cutting edges, making them especially good on difficult materials such as melamine. An adhesive-trapping gap between cutting edges and pilot bearing is featured on tools #47111 & #47113.

NOTE: Downshear bits are not intended for router table use.

AMAX Extended Life Features:

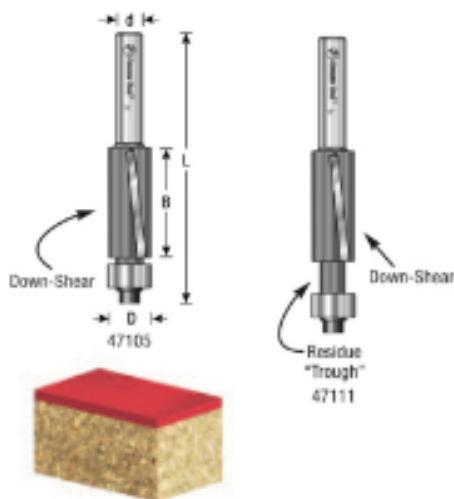

200% longer life-time even when working with abrasive materials

Superior geometric design

Advanced grinding technology that improves the carbide's resistance to wear

Super clean cuts

Sample:
