### Item #47707, Amana Tool Ultra-Glide™ High Performance Ball Bearing 1/2 Overall Dia x 3/16 Inner Dia **\$11.40**

Thank you for shopping with us! Using the same quality standards as our regular steel bearings, these Ultra-Glide™ bearing assemblies feature satin-smooth Delrin® sleeves. Delrin® is an industrial synthetic plastic material similar to nylon, and will leave no marks on the material being cut. Applications include solid-surface materials such as Gibraltar®, Corian®, Surell®, Fountainhead®, Plexiglas® & other clear acrylics, and plastic laminates. Not recommended for regular wood applications due to a higher wear factor.

#### SPECIFICATIONS

<b>Manufacturer</b>	Amana Tool
