Amana Tool Table Edges Carbide-Tipped 2 21/64" D x 1/2" R x 1/2" Shank 2-Flute w/Ball Bearing Guide

This selection of table edge profiles offers a wide variety of designs from which to choose. All will shape away the hard edge, add detail, and reduce the visual thickness of the top.

Reverse Curve: The broad curves of this ogee create a wide elegant table edge. Notice that the curve continues slightly under the top to make a large tabletop appear thin.

Replacement bearing #47718
