Item #49990, Viking Drill & Tool Super Premium Ultra Bor Metric Drills Jobber Length Type 643-UB **\$18.60**

Thank you for shopping with us!

Special Hi-Molybdenum tool steel with 135° split point for fast penetration and accurate starting without a center punch. Precision-ground point, flutes, body, clearance, and drill diameter for the ultimate in accuracy and performance. Body and clearance are gold surface treated for maximum lubricity.

Drills are heat-treated at 2185° F and then nitro-carburize finished at 950° F to be measurably harder than high speed steel. Space age nitro-carburized steel withstands substantially higher drilling temperatures while maintaining sharpness. Recommended for use in work hardening grades of stainless steel and other hard metal drilling applications.

SPECIFICATIONS	
Manufacturer	Viking Drill & Tool
Diameter	0.95 mm
Flute	5/8 in
Overall Length	1 1/2 in
Unit Price	\$1.86
Pack Quantity	Bulk Pack of 10
