Item #51558, Amana Tool Carbide-Tipped Bullnose 17/64" Radius x 1/2" Shank

\$63.53

Thank you for shopping with us! Shape the full edge of a workpiece with a bullnose radius bit. Ideal for shaping stair treads, window sills, table and counter edges, shelves, and making moldings. The "nose diameter" (material thickness) is the thickness of the stock that can be nosed, i.e., given a full 180° roundover. Flats at top and bottom of the cutting edges create fillets with an edge guide on handheld routers or the fence on a router table.

SPECIFICATIONS	
Manufacturer	Amana Tool
Diameter	1 1/32 in
