Item #52810001-34, FS Tool Industrial Quality Split Scoring Saw Blades

\$169.98

Thank you for shopping with us!

FS Tool's offering of industrial saw blades represents the state of the art answers for today's woodworking cutting applications on North American and European machinery. Our product offering is the largest of its kind. Each saw blade has been developed to fulfill a specific cutting application. Each model has been developed with its own grades of materials (carbide and saw plate), its own cutting geometry (grind, hood angle, kerf), and its own operational enhancements (copper noise reducing plugs, cooling slots).

Design:

- Tooth configuration: Flat Top
- Cutting material: TC
- Two piece unit adjustable to the kerf of the main saw blade with the use of shims

Application:

- For pre-scoring in plastic laminated sheets
- On table saws, sliding table saws, and panel sizing saws with controllable pre-scoring units

SPECIFICATIONS

Diameter	100 mm
Bore	3/4 in
Kerf	2.8/3.6 mm
Machine	Delta SCMI
Manufacturer	FS Tool
Note	--
Plate	2.0 mm
Teeth	2 x 12
